Footer Section

It is envisaged that future iterations **will** include a fully functioning calendar that :

- links to a page styled like a diary, with available times, etc. (*colour-coded*)
- notifies the therapist of a booking
- provides customers with the option to select the therapist of their choice
- allows customers to block book appointments (*limited*)

It is envisaged that future iterations **may** include functionality that allows customers :

- to pay online
- to purchase gift vouchers online
